Guide Lines For Markers

Marking a game of bowls is an art and takes time to master. A good marker can "make a game"; the players deserve the best you can be.
Be aware of the dress code of the players, you should be dressed the same. Introduce yourself to both players and establish whose bowls are whose. Tell the players you would like time to centre the mat before they deliver the jack and you would like to mark all touchers as soon as the bowl comes to rest and you would like permission to remove all dead bowls from the green or the ditch.
Carry the minimum amount of equipment onto the green with you. Normally, chalk, or chalk spray, 2 wedges, 2 pens, coin, box measure.

Do
Do align the jack after it has come to rest, but first note that the mat is straight.
Do pick up the mat from the previous end and place it on the bank.
Do ensure the jack has been cast 23 meters, it is your responsibility to check.
Do stand 2 meters behind and 1 meter to the side of the jack.
Do be alert and in position to see if a bowl becomes a toucher.
Do chalk all touchers on **both** sides immediately the bowl comes to rest.
Do answer all questions briefly, unless asked to elaborate by either player.
Do keep clear of the head when the players arrive, they determine the result of the end.
Do tell the players the score after every end.
Do call for the umpire if there is a measure required unless he/she is already on the green.
Do move to the front of the head after the bowl is delivered if either player plays a heavy bowl.

Don't
Do not move about when either player is about to play their bowl.
Do not volunteer information on heads unless asked by either player.
Do not applaud either player or a shot.
Do not tell the players who is shot when they arrive at the head.
Do not obstruct the centre marker or the rink markers.
Do not engage in conversation with either player unless they want to.
Do not stop or catch any bowls which are about to enter the ditch.

General
Move to the front of the head to wait for the players to decide who is shot or how many shots are scored and to who and enter on the scorecard. Then walk quickly to the other end. The rest of the card can be completed after the jack on the next end has been straightened.
When the game is complete make sure both players agree the result and both sign the card. Put the time on the card and give to the umpire to check or take to the tournament office.
